

Master of Clinical Pathology Pre-enrolment Requirements

Congratulations on receiving an offer for a place in a Health and Medical Sciences course. There are important compulsory health and legal screening requirements that you must now commence.

In order of priority:

- 1. Infection Control
- 2. National Police Certificate (NPC)
- 3. WA Department of Health Criminal Record Screening (CRS) Clearance Card

DEADLINES FOR SUBMISSION

23rd January 2026

Medical screening must commence as soon as you accept your offer. Your submission of the Infection Control Form (signed by both you and your GP) on Sonia online is required and must be received prior to the commencement of your course.

1 - Infection Control

It is of the utmost importance that you meet the Health & Medical Sciences compulsory infection control requirements.

Details of the requirements, along with the Infection Control Form and other documents you need, are attached. Make this your first priority to ensure you are compliant, and, if treatment or vaccination is required, it is well underway before your course commences. Clearance can take time. For instance, **if you have not been previously vaccinated for Hepatitis B, it can take at least 8 months to complete immunisations and confirm immunity.**

The UWA Medical Centre on Crawley Campus is recommended. The Centre GPs understand the infection control requirements for students and provide assistance should you need to speak with an immunisation specialist. Make an appointment online or call +61 8 6488 2118.

If you attend another GP, you must submit all of your test results and vaccination records, in addition to your Infection Control Form

Steps required

- Make an appointment with UWA Medical Centre (recommended) as soon as possible after accepting your offer.
- 2. Take with you the Infection Control Form and list of the requirements.
- upload the Infection Control forms to Sonia Online Note: if your form has been completed by a GP
 outside UWA Medical Centre, you need to include copies of all blood test results and vaccination
 records.
- 4. You must let us know if you require further testing.

Important notes

- UWA Medical Centre on Crawley Campus have GPs familiar with the infection control requirements.
- All information supplied by the GP to the Pre-enrolment Officer will be handled confidentially.
- It is your responsibility to follow up outstanding requirements and submit proof on Sonia online.
- We will check non-compliance. You may be unable to proceed to the next level of your course if you have not met the requirements.
- You must keep a record of all your documents and results as we are unable to provide copies at a later date.

2 - National Police Certificate (NPC)

All students will need to obtain a clear National Police Certificate. Applications can be made online (https://www.police.wa.gov.au/Police-Direct/National-Police-Certificates) or in person at participating Australia Post Outlets.

Steps required

- 1. Complete a National Police Certificate application form online or in person at Australia Post.
- 2. Submit a copy of the certificate via Sonia (UWA online system).

Important notes

- Certificates not issued by WA Police are accepted provided it has been issued by an organisation
 accredited by the Australian Criminal Intelligence Commission (see list of accredited bodies servicing the
 public at https://www.acic.gov.au/our-services/national-police-checking-service/find-out-more-information/accredited-bodies).
- National Police Certificates (and equivalent) must have been issued no earlier than 2022.
- We are unable to accept "Volunteer" National Police Certificates.

3 - WA Department of Health Criminal Record Screening (CRS) Clearance Card

AAs part of your course, you will undertake placements within WA Health sites and are required (under the Criminal Record Screening Guidelines) to consent to the screening of any criminal records.

Steps required

- 1. Refer to the attached information sheet from the WA Department of Health CRS Application and Informed Consent Form (see attached).
- 2. Obtain your National Police Clearance (NPC) and submit the document via email.
- 3. Once you are cleared, you will be issued a Criminal Record Screening Clearance Card.
- 4. Upload a copy of the card to Sonia Online a scan of the front and back of your card to.
- WA Health Criminal Records Screening email address is on the information sheet attached below.
- You must carry your clearance with you at all times when on a Department of Health site.

SUBMITTING YOUR DOCUMENTS

Documents are to be submitted via Sonia. Sonia is the University's student placement system.

Please see instruction manual included in this document pack on How to use this system.

Any enquiries can be sent directly to preenrolment-fmdhs@uwa.edu.au

A Letter to General Practitioners & Students

Infection Control Form Statement of Compliance - Health and Medical Sciences

As a condition of entry into professional courses co-ordinated by UWA Health and Medical Sciences (HMS), commencing students must provide evidence of compliance with the Health & Medical Sciences Infection Control Requirements, which are based on the <u>Australian Immunisation Handbook</u> and 0388/12 Health Care Worker Immunisation Policy

Please read the following detailed "Infection Control Requirements" documentation to ensure that you understand and comply with all requirements.

When completing the Infection Control Form, please note the following:

- Serological tests must have been performed in a NATA accredited laboratory.
- Please use the space provided on the form for further clarification (e.g. "inadequate measles titre, awaiting second dose of MMR" or "hepatitis B vaccination course not yet completed".

Once complete, the student is required to sign the student declaration at the base of the form and submit the form, together with a **copy of all test results and vaccination records**, on Sonia prior to the deadline specified.

GPs are welcome to communicate directly with the Pre-enrolment Officer if required (e.g. if the student has an underlying medical condition which precludes the use of live vaccination).

The Pre-enrolment Officer must be advised of any student who is a carrier of a blood-borne virus. This is to ensure their training complies with the WA Health policy.

Information supplied to the pre-enrolment Officer will be handled confidentially. Thank you for your co-operation.

Specialist Admissions University of Western Australia

email: preenrolment-fmdhs@uwa.edu.au

Infection Control Requirements for Master of Clinical Pathology students

Master of Clinical Pathology (MCP) courses in Health and Medical Sciences must comply with the specific requirements prior to undertaking clinical placements.

These guidelines are based on the <u>Australian Immunisation Handbook</u> and <u>0388/12 Health Care</u> Worker Immunisation Policy

Once a GP has determined that the student has complied with items 1 to 6 below, they are required to complete the Infection Control Form. This must be submitted to the Health and Medical Sciences Preenrolment Officer prior to enrolment by the due date pre-specified. Failure to produce evidence of compliance with the requirements will preclude a student from commencing clinical placements.

The cost of testing and vaccination is met by the student.

The specific requirements are:

1. Hepatitis B

All students must have a blood sample taken to determine hepatitis B immunity.

Evidence of immunity to hepatitis B virus (HBV) infection is required. Serological testing (a blood test) should be performed by a National Association of Testing Authorities (NATA) accredited laboratory. A hepatitis B surface antibody (HBsAb) titre of ≥10 mIU/mL is required.

If HBsAb titre is <10 mIU/mL and there is nil or incomplete documentation of prior vaccination, the student requires completion of a hepatitis B vaccination course prior to undergoing repeat serological testing.

Testing should be performed at least 4 weeks after final vaccination. A student may be undergoing vaccination at the time of enrolment but the Pre-enrolment Officer must be made aware of this. If there is no response to a full course of hepatitis B vaccination, the Pre-enrolment Officer must be contacted. Management will be in accordance with the Australian Immunisation Handbook.

Students who are known to have HBV infection must discuss this with the Pre-enrolment Officer prior to enrolment.

2. Measles, Mumps, Rubella & Varicella

All students must provide evidence of immunity to measles, mumps, rubella and varicella, as referred to in the *The Australian Immunisation Handbook* 3.3.7.

Acceptable evidence of immunity includes:

- Documented evidence of a prior full vaccination course (two vaccinations at least one month apart); or
- Presence of adequate antibodies on serological testing (measles IgG, mumps IgG, rubella IgG, and varicella IgG). Testing must be performed by a National Association of Testing Authorities (NATA) accredited laboratory.

Depending on the evidence produced, primary or booster vaccination may be required. This will be determined by the reviewing GP. Repeat serology following a completed vaccination course is not required.

3. Pertussis

All students must provide documentary evidence of up-to-date immunisation against pertussis (whooping cough).

Immunity against this infection cannot be determined by blood testing. Immunity is assumed if at least one documented dose of vaccine has been received within the last 10 years. If not previously vaccinated, or if vaccination records are incomplete, vaccination will be necessary.

4. Tuberculosis

All students must have a Quantiferon-TB blood test or a Mantoux test (Tuberculin skin test) to determine evidence of past exposure to tuberculosis. If either of these tests are positive, further action is required. The student will be referred to the Anita Clayton Centre (previously Perth Chest Clinic) for review and a chest x-ray. A positive test does not preclude a student from enrolling. However, the case must be discussed with the Pre-enrolment Officer. This is in accordance with the WA Health <u>Policy 6.3</u>

Active Surveillance for Tuberculosis in Health Care Workers.

5. Influenza

It is **mandatory** that all students receive yearly influenza vaccinations.

6. Covid-19 Vaccinations

It is mandatory that all students receive 3 x Covid-19 vaccinations

Please provide a copy of all test results and vaccination records to the student for submitting to the UWA Specialist Admissions team.

Criminal Record Screening (CRS) process

Students going on placement within clinical settings in Western Australia must obtain a criminal record screening card.

You must provide a National Police Clearance (NPC) issued within the last 12 months to Health Support Services - https://health.wa.gov.au

Please use the following format for the email:

Subject: Surname/NPC reference

Body: Please ensure the email contains the following

- Whether there are disclosable court outcomes
- What you are studying
- Where you are studying
- When you are scheduled to go on placement (if this information is available)

Please refer to the WA Health information sheet below for more information.

OFFICIAL

Criminal Record Screening

Information Sheet for applicants

Who needs a Criminal Record Screening?

The following individuals are required to undergo a Criminal Record Screening.

- Prospective employees
- Existing employees
- Students on placement
- Independent contractors and non-government organisations
- Private agency
- Individuals employed from overseas
- Other people engaged to provide services to the WA health system

How to apply for a Criminal Record Screening?

There are three options available:

- 1. Applicant applies for a Nationally Coordinated Criminal History Check (NCCHC), that is undertaken by HSS (as an accredited body) with the individual's consent.
- 2. Applicant provides a National Police Certificate (NPC) issued within the past 12 months.
- 3. Applicant provides a NCCHC (from a commercial accredited body), issued within the past 12 months.

The below table outlines which options are available to each category of applicants:

Category of Applicant	Option 1	Option 2	Option 3
Prospective employee	✓	✓	✓
Existing employee	✓	✓	✓
Student on placement	×	✓	✓
Independent contractors and non-government organisation	×	✓	√
Private agencies	×	✓	✓
Individuals employed from overseas	✓	✓	✓
Other people engaged to provide services to the WA health system	×	✓	✓

Our vision: Great services, valued partner, healthy Western Australians

Option 1: Applying for a NCCHC, that can be undertaken by HSS (as an accredited body) with the applicant's consent.

A new employee or a current employee who is required to undertake a screening can consent to a NCCHC, through the onboarding process or through a <u>D10 Request for a Nationally Coordinated Criminal History Check Form</u>. The \$33.00 screening will be deducted from their salary.

NCCHC contains all Disclosable Court Outcomes (DCOs) of an applicant. The check results report shows all convictions, including traffic charges that lead to convictions and all pending charges. HSS will apply, with the applicant's informed consent, to the Australian Criminal Intelligence Commission's National Police Checking Service. If any DCOs appear on an applicant's Check Results Report, the HSS Certification Team will send the applicant a copy of the report for verification purposes, prior to this information being shared with the relevant WA health entity, for assessment of suitability to employ.

Q: How do I dispute information from a NCCHC Check Results Report?

Applicants who wish to dispute information recorded on the Check Results Report should reply to the email received from HSS Criminal Record Screening, (hss.crs@health.wa.gov.au) who will coordinate the dispute process on the applicant's behalf. Please refer to the Dispute Process Information Sheet for further information.

Q: Will I receive a WA Health Criminal Record Screening (CRS) Card? No. Only Health discipline students and School Based Nurses will be issued with a WA health CRS card, at no cost.

A NCCHC results report is available to the applicant 3 months from date of issue, upon request. During this time, HSS have access to download the applicant results, from the ACIC National Police Checking Service so that the applicant may retain the document for their own use. After this time, HSS are unable to provide a copy of the NCCHC result.

Option 2: Provide a National Police Certificate (NPC) issued within the past 12 months.

An NPC contains a list of a person's DCOs and pending charges from all Australian police jurisdictions. This includes traffic and non-police prosecuted matters and can be obtained by an individual directly from the Australian Federal Police, a State or Territory police service. Apply for a National Police Certificate | Western Australian Government (www.wa.gov.au)

Option 3: Provide a Nationally Coordinated Criminal History Check (NCCHC) (from a commercial accredited body), issues within the past 12 months.

A NCCHC contains all DCOs of an individual. The check results report shows all convictions, including traffic charges that lead to convictions and all pending charges. An applicant can apply for a NCCHC from a commercial accredited body from the list provided on the ACIC website: National Police Checking Service | Australian Criminal Intelligence Commission (acic.gov.au)

Health Discipline Students / Clinical Facilitator

Health discipline students and clinical facilitators must provide the HSS Certification Team, by email to health.wa.gov.au, with either:

- A National Police Certificate OR
- A NCCHC (from a commercial accredited body)
 - List of ACIC commercial accredited bodies

Either document will be accepted if it was issued in the past 12 months.

Note: Health Discipline Students / Clinical Facilitators do not need to submit the NCCHC application consent form or ID documents but must send to HSS either an NPC or NCCHC (commercial accredited body).

There is no charge for the cost of the CRS card (issued by HSS). Please ensure that your current postal address is on the NPC or NCCHC (commercial accredited body) or included in the email, so that the card can be issued correctly through Australia Post.

Volunteers

Volunteers who are engaged within the WA health system must either:

- Apply for a NCCHC with HSS, as the accredited body, through Volunteer Coordinators at a WA health entity using a <u>D10 Nationally Coordinated Criminal</u> History Check form, OR
- Provide a National Police Certificate, issued in the past 12 months, OR
- Provide a NCCHC (from a commercial accredited body), issued in the past 12 months.
 - List of ACIC commercial accredited bodies

It is the responsibility of managers, supervisors, or volunteer coordinators to check volunteers have a current NCCHC, NPC or NCCHC (from a commercial accredited body) prior to commencing work.

Independent contractors and non-government organisations

Independent contractors who provide services to the WA health system must provide a NPC or NCCHC (from a commercial accredited body) issued within the past 12 months, prior to being engaged.

Non-government organisations funded by Government are required to conduct NPC or NCCHC (from a commercial accredited body) on their prospective employees. This requirement will form part of their contract or funding agreement. It is the responsibility of each contract manager within their WA health entity to check the status of all independent contractors prior to engaging them for services.

Independent contractors and non-government organisations must either provide:

- A <u>National Police Certificate</u> OR
- A NCCHC (from a commercial accredited body) List of ACIC commercial accredited bodies:

Either document will be accepted if it was issued in the past 12 months.

Sonia Online: Submitting Your Pre-enrolment Documents

Student User Guide

Erin Richardson Specialist Admissions preenrolment-fmdhs@uwa.edu.au (08) 6488 1426

What is Sonia?

Sonia is the University's student placement system. Sonia Online enables you to upload and review all pre-enrolment and placement requirements, as well as view and manage your placement details.

Submitting your Pre-enrolment documents

STEP 1: Log into Sonia Online

1.1: Logging in for the first time.

You should have received an email from the Pre-enrolment Officer with your username and a link to the password reset. Click on the password reset link, and follow the instructions to set up your password.

1.2: Returning to Sonia Online (you have previously set up your password).

Go to placements.uwa.edu.au and click on the School that is applicable to you (SMED Medicine if you are an MD student). From there, login using your username (student ID) and password.

Make sure that the "Role" is "Student"

STEP 2: Access the "Checks" page

2.1: On the top navigation ribbon, select "Checks". Do NOT use the "Documents" section for this purpose!

2.2: You will now see a list of all required pre-enrolment documents to work through.

STEP 3: Submit your documents

3.1: In the Document field, click on "Browse" to select your file to upload.

You can submit more than one document if you wish.

Note: You will not be able to delete a document uploaded. If you uploaded an incorrect file, please email preenrolment-fmdhs@uwa.edu.au.

3.2: Complete all the other fields, as necessary (Reference, Date Completed, etc).

Click on the small "i" icon next to the field for more information about what is expected.

There is no need to re-upload the Infection Control Form for every check. Just upload this form once in the Infection Control Form section.

3.3: Click "Submit".

The "Submit" button will tell the Admissions team that your document is ready for review.

The "Save" button will save your work, but not advise the Admissions team that you have started this requirement.

3.4: Continue onto the next requirement.

Mandatory items have a red asterix next to its name, as shown below.

3.5: Repeat steps 3.1 - 3.4 until all requirements have been completed.

You do not need to complete the Hand Hygiene Australia requirement at this stage.

Welcome to the Sonia Checks page!

Checks

History

Forms My Details

Home

Placements

Please use this page to submit your pre-enrolment and placement requirements. Be sure to upload your documents by the due date specified by the relevant officer. It is important that you visit this page regularly, to ensure that you have completed all necessary requirements (some Checks have an expiry date).

For pre-enrolment enquiries, please contact preenrolment-fmdhs@uwa.edu.au. For all other enquiries, please contact your relevant placement officer.

Documents Calendar

STEP 4: The Admissions team checks your documents and processes approvals, missing information and rejections.

4.1: If your document has been approved, the status will change to "Cleared" (and the box will turn grey).

STEP 5: Respond to further information requests if required.

5.1: Ensure that you keep checking your email (both your personal and UWA student account).

If you need to provide more information, additional documents or similar, you will receive an email advising you of this.

5.2: Provide further information or upload a new document as necessary.

The status on the Checks page for that requirement will change to "Rejected" or "Missing Information" (and the box will remain pink if it's a mandatory requirement).

Click on the "i" icon for information on what is missing or incorrect, as shown below.

Important Note!

Emails sent directly from the Sonia system directly will likely go to your UWA student email address once you have enrolled in your. At this stage, you will no longer receive automatic notifications to your personal email address.

STEP 6: The Admissions team will notify you when all requirements have been approved.

Once all documents have been completed and approved, you should have a page of grey boxes, with the exception of any requirements due later in the course such as the Hand Hygiene Australia and Working With Children Check.

Additional information to help you along the way

Fields, icons and buttons explained

Image	Name	Description
Documents (1) Browse	Documents	Click on "Browse" to select your file to upload. You can submit more than one document if you wish.
Reference: Date Completed:	Text field	These fields are for entering additional text and dates. All "Date Completed" fields are mandatory.
Reference: Date Completed:	Non-editable text field	This information will be entered by the Admissions team when reviewing your documents.
		These fields are visible to you for your information only.
0	Information	Click on this icon for further details on what is expected.
Not Complete Cleared	Status	Indicates if the check is not complete, submitted, rejected or has missing information.
Submit Save	Submit / Save	The "Submit" button will send your submission to the Admissions team for review. Use this once you have finished entering the information and want to send it to the Admissions team for review. The "Save" button will save your changes, but not submit them to the Admissions team.
*	Mandatory	Indicates a mandatory requirement.
A	Check not passed	Indicates a mandatory requirement not passed.

Colour Shading

Pink sections means that the item is a mandatory requirement that:

- you have not completed;
- you have completed, but has not been approved by the Admissions team; or
- you previously received approval for, but has since expired or is due for review.

Grey boxes are:

- not mandatory; or
- items that you have completed and are up to date.

Fields that you cannot edit

Don't worry when you come across fields that you can't enter information into! The Admissions team will enter this information when reviewing your documents, as shown below.

Notifications

Important Note!

Emails sent by the Sonia system directly will likely go to your UWA student email address once you have enrolled in your course (or if you were a UWA student in 2019). At this stage, you will no longer receive automatic notifications to your personal email address.

You will receive email notifications at the following stages:

- You have submitted your document and it has been returned with a status of either "missing information" or "rejected".
- You have satisfactorily completed your pre-enrolment requirements (this will be sent once your submissions have been checked and approved by FHMS Admissions).
- Three months prior to the expiry of any of your documents or vaccinations (e.g., first aid certificate, pertussis, MRSA declaration, etc). Everything must remain current throughout your studies as each requirement is crucial for your clinical placements.

Note: To avoid sending you too many emails, please note that you will not receive an email when each individual requirement has been approved. You can always log back into Sonia Online to see the status of your submission.
